

**Town of Saint Agatha
Board of Selectmen Meeting
March 15, 2019
At the Saint Agatha Town Office
MINUTES**

Call to Order

New Business

Article 1: To discuss property Map 002 Lot 021A

Michael Maurice called in to speak with the board. Michael maintains that he was not provided documentation about the properties. He's of the opinion that if he hasn't received those documents then he doesn't have to pay the taxes. We explained to him that he's been consistently provided with the documentation that we have available at the office. We have also provided him with everything required per lien process statute. The Town Manager explained that the lien process matures regardless of requests made for additional documentation. He also was under the assumption that the payments made to Map 002 Lot 021B should have been applied to the delinquent balance on Map 002 Lot 021A. We explained to him that the payments made to a certain account has to be applied to that account. We cannot move payments from one account to the other. He requested a payment arrangement and the board stated that at this point in time, so much time has passed and so many attempts were made to collect payment that he would have until March 22 to submit payment for the full amount of back taxes owed in order to reclaim his property (as decided upon during March 11's meeting).

Article 2: To consider Long Lake Motor Inn's Liquor License Renewal

Motion by Beurmond to approve the Liquor License renewal

Second by Christy

All in favor
